LET THE
GAME
BEGIN.

Online we dehumanize each other and feel invincible.

Today people see the reality through Social Media.

The search tool, your profile picture, the Home button and some icons are placed at the top of the page. The Trending window, some adverts and the Chat option are displayed on the right side of your Home page. On the left side there are the following categories: Favourites, Groups, Friends, Apps and Interests. In the middle of the page near your profile picture a box is asking you "What's on your mind?". Below this box there are posts from your Friends, Pages and Groups. You are able to Like, Comment and Share posts.

AGGRESSIVE COMMENTS

THE SOCIAL MEDIA GAME 2015

Age: 7+
Players: ∞
You will need:
A Computer, Smartphone or Tablet
Internet connection
A Social Media account for each player
How to play:
Write a post first. Wait for someone to comment and then reply with an aggressive comment. The more likes you get, the farther you can go. If people share, comment or like your post, just keep going. The most likable and aggressive comment wins.

Will Social networks still exist in 2100?
How are you using them?
